The screenshot shows a web interface for a language learning activity. At the top, there is a navigation bar with a hamburger menu icon, the text "My World En...", and user information: "Welcome, senati admin", "Language: English", "Help", and "Sign Out". Below this is a breadcrumb trail: "Intro > Unit 1 > Lesson A". The main heading is "Intro / Unit 1 / Lesson A Vocabulary 2". Underneath, there are "INSTRUCTIONS" which state "Unscramble the words to make sentences." Below the instructions is a large grey rectangular area, likely for displaying a list of words. A red box highlights a specific question: "1. What's your last name?". At the bottom of the interface is a progress bar with numbered tabs from 1 to 6, where tab 1 is currently selected.
